General Education Requirements for the Bachelor of Science Degree

Semester Curriculum

The following degree requirements apply if you began your career as a regularly enrolled college student at Ohio State summer term 2012 or later.

Note: if one or more full terms (excluding summer) have elapsed between any two successive terms of enrollment at Ohio State, you must fulfill the requirements for the degree in effect at the time of reenrollment.

The following degree requirements are effective summer term 2012. Check the web site ascadvising.osu.edu/GE for updated information. Consult your advisor before making enrollment decisions.

Goal

Ohio State's General Education (GE) is an integral part of an Arts and Sciences education. General education, as embodied in Arts and Sciences, provides the development of knowledge, perception, attitudes, and skills necessary to understand society’s traditions and past, its accomplishments and aspirations, its relation and responsibility to the natural world, its diversity and plurality, and its problems and needs. The goal is for you to attain a sense of self within society that invites a continuing desire and ability to learn and work with others for future realization of the human potential. Specific goals aimed toward the broader goal of the GE are listed below under the twelve categories of the curriculum.

The College of Arts and Sciences

The College of Arts and Sciences consists of 39 departments and schools offering majors in the arts and humanities, natural and mathematical sciences, and social and behavioral sciences.

Your Responsibility as a Student

You are responsible for knowing the published policies governing the curriculum you are pursuing, as well as the regulations and procedures of the college and the university. The Bachelor of Science curriculum sheet should be used in conjunction with the degree planning information and college policies, published online, at ascadvising.osu.edu.

Prerequisites

You are responsible for fulfilling all prerequisites to courses in which you enroll. Failure to satisfactorily complete prerequisites may delay graduation.

General College Requirements

- You must earn a minimum of 121 semester credit hours to earn an Arts and Sciences degree. In addition to the GE, you will complete general college and major requirements and elective course work to reach a minimum of 121 credit hours.

- Remedial courses (courses at the 10XX level or below, and English 1109) and credit hours earned in repeated course work do not count toward the 121 hour minimum requirement for the Bachelor of Science. Note that you can take both “versions” of cross-listed courses (e.g., Comparative Studies 2670/Philosophy 2860); however, since the two versions are in fact the same course, only one may count toward your minimum degree hours.

- The number of hours required to complete the Bachelor of Science degree with a given major will depend on your program and goals.

- You may need to plan a program of more than 121 credit hours if you wish to complete specific professional or studio training, are preparing for graduate study in certain disciplines, or have multidisciplinary goals.

- If the combination of course work for the GE, prerequisites, and your major program totals fewer than 121 hours, you have many options for the remaining hours, called electives. With your elective hours, you could pursue a second major, a minor, or a combination degree program; select a set of courses on a specific topic; engage in an undergraduate research experience; do internships; and/or study abroad. You are urged to meet with an Arts and Sciences advisor to work out a plan that best fits your needs and interests. In no case shall the number of hours required for graduation be fewer than 121.

Within the minimum 121 credit hours, you must have:

- A minimum of 111 hours of Arts and Sciences or Arts and Sciences-approved courses.

- You may count a maximum of 10 hours of non-Arts and Sciences and non-Arts and Sciences-approved course work toward your degree. Of the 10 hours, no more than 4 may be from physical activities courses taught in Education: Physical Activity and Educational Services (EDU PAES); physical activities courses include all 1100 level EDU PAES courses except for 1102, 1103, 1122, and 1137. A maximum of 8 hours of technical credit may be counted toward the 10 hours of non-Arts and Sciences and non-Arts and Sciences-approved course work; however, the combination of EDU PAES, technical, and other non-Arts and Sciences credit hours may not exceed 10.

- A minimum of 39 hours of Arts and Sciences or Arts and Sciences-approved upper-division course work.

- Upper-division courses are defined as all Arts and Sciences courses at the 3000 level or above, Philosophy 2500, all courses taught by departments in mathematical and physical sciences at the 2000 level and above (except for courses numbered 2194), and foreign language courses taught in the language at the 2000 level. Your 39 upper-division hours may come from hours earned for the GE, the major, and electives.

- A minimum of 30 credit hours earned through regular course enrollment at Ohio State.

- Regular course enrollment at Ohio State and in the College of Arts and Sciences in your final semester.

In addition, you must have:

- A cumulative grade point average (GPA) of at least 2.0 for all work attempted at Ohio State.

- A cumulative GPA of at least 2.0 in your major.

- An application for the degree on file in the Arts and Sciences Graduation Services office in 141 Denney Hall.
If you are pursuing multiple majors, you may petition (in advance) in Arts and Sciences Advising and Academic Services to substitute upper-division courses that meet the spirit of the GE for courses on the GE. If you have transferred to Ohio State from another institution, you can often fulfill part of the GE with approximately equivalent courses already taken. Your transfer course work will be reviewed in Arts and Sciences Advising, and courses that meet the spirit of the GE will be applied to the GE.

You must earn at least a D in a course for it to fulfill a GE requirement. Courses taken on a pass/non-pass or satisfactory/unsatisfactory basis cannot be used to fulfill GE requirements.

### Exclusivity of GE, Major, and Minor Courses

With the exceptions noted below, courses may not be counted on both the GE and the major. Courses taken to fulfill GE requirements may count on the minor unless specifically disallowed by an individual minor program. Courses may not be counted on both the major and the minor.

Some GE courses are listed in more than one category; with the exceptions noted below, however, GE courses may not be used to fulfill more than one GE requirement.

### Courses Used to Fulfill More than One Requirement

Courses used to fulfill the Diversity Experiences category may also count in another GE category or on the major.

### Group Studies and Individual Studies

Group studies (XX94) courses and individual studies (XX93) courses are not acceptable for fulfilling GE requirements except when a specific experimental course has been approved by the Arts and Sciences Curriculum Committee. If a course has been approved, it will be listed on this curriculum sheet.

### Requirements for the Major

Your major program must consist of at least 30 semester hours of credit in courses numbered 2000 or above as prescribed by your major advisor. Please note that many major programs require considerably more than 30 hours of credit.

You must earn at least a C- in a course in order for it to be listed on your major. However, you must receive a 2.0 cumulative GPA for all major course work. If you earn a D+, D, or an E in a course that is required for your major, the course cannot be counted toward the major. Your major advisor will decide if the course has been approved, it will be listed on this curriculum sheet.

Your major advisor must approve all courses comprising your major. If you change from one major or curriculum to another, consult with an Arts and Sciences Curriculum Committee. If a course has been approved, it will be listed on this curriculum sheet.

Your major program must consist of at least 30 unique (non-overlapping) semester hours. Upper-division courses are defined as all Arts and Sciences courses at the 2000 level or above, Philosophy 2500, all courses taught by departments in mathematical and physical sciences at the 2000 level and above (except for courses numbered 2194), and foreign language courses taught in the language at the 2000 level.

Upper-division courses cannot be counted toward the 12 hour minimum. No more than 3 hours of X193 course work may be included in a minor, and no more than 6 hours of transfer credit may be applied to any minor.

No grade below a C- will be permitted in courses constituting a minor. However, you must receive a 2.0 cumulative GPA for all minor course work. Courses taken on a pass/non-pass basis may not count toward a minor.

Courses used on a minor may not be used on the major. You are not permitted to take a major and minor in the same subject, unless such combination has been expressly approved by the ASC Curriculum Committee.

You may pursue more than one minor. Each minor must contain a minimum of 12 unique (non-overlapping) semester hours.

Once a minor program form is on file in the college office, any changes must be approved by the departmental (minor) advisor.

Minors must be declared at least one term prior to a student’s intended graduation term, and students are encouraged to file the minor program form earlier whenever possible.

### Requirements for Additional Baccalaureate Degrees

If you are pursuing multiple degrees, at least 30 additional semester hours beyond the 121 hours required for a single degree must be earned for each additional degree. Courses taken on a pass/non-pass basis may not count toward a minor.

Your major advisor must approve all courses comprising your major. If you change from one major or curriculum to another, consult with an Arts and Sciences advisor. Such changes may result in modifying requirements to such an extent that your date of graduation might be delayed.

If you have transferred from another institution, no more than half of the credit hours on your major program may consist of transfer credit. Your major advisor, the chairperson of the department concerned, and the appropriate assistant dean must approve any request for a variation in this policy.

If you are pursuing multiple majors, course work may overlap between the majors, provided that each major department allows such overlap and that each major has at least 18 unique (non-overlapping) semester hours. Similarly, if you are planning multiple majors, there may be overlap between major course work and the GE—again, with permission of the major department and at least 18 unique non-overlapping semester hours on the major.
Arts and Sciences Bachelor of Science (BS) Majors

The information contained in this curriculum sheet pertains to students following one of the majors listed below. In addition, each Arts and Sciences division offers the interdisciplinary honors contract and the personalized study program majors.

Natural and Mathematical Sciences BS Majors

Actuarial Science
Astronomy and Astrophysics
Biochemistry
Biology
Chemistry
Computer and Information Science (admission is selective)
Evolution and Ecology
Geological Sciences
Mapping and Land Information Science
Mathematics
Microbiology
Molecular Genetics
Physics
Vision Science (open only to students enrolled in the College of Optometry)
Zoology

Social and Behavioral Science BS Majors

Anthropological Sciences
Atmospheric Sciences
Economics
Geographic Information Science
Geography
Neuroscience (pending approval of the Ohio Board of Regents)
Psychology

Hours required for the GE, your major, College Survey 1100, and available elective hours will bring your total credit hours to the minimum hours required for graduation.

GE Requirements

Symbols

- Social Diversity in the United States course that also counts in another GE category
- Natural Science course that also has a laboratory component (lab)
- Global Studies course that also counts in another GE category

Honors Courses

In order to enroll in an honors course, you must be an honors student or have instructor permission. Check the course catalogue (course bulletin) at buckeyelink.osu.edu for a full listing of honors courses. (Honors courses are listed only if there is no equivalent, non-honors course available or, in the Natural Sciences, if the honors version has a lab and the non-honors version does not have a lab. Honors courses are marked with an “H” after the course number.)

Writing, 6 hours

The goal of courses in this category is to develop skills in written communication and expression, reading, critical thinking, oral expression, and visual expression.

First Course, 3 hours

English 1110.01, 1110.02, 1110.03

Second Course, 3 hours

Select one course from the following list.

- African-American and African Studies 2367.01•, 2367.04•
- Agricultural Communication 2367•
- Animal Sciences 2367
- Arabic 2367•
- Art Education 2367.01•, 2367.02, 2367.03•
- Communication 2367
- Comparative Studies 2367.02•, 2367.04•, 2367.07•, 2367.08•
- Dance 2367
- Economics 2367.01, 2367.02
- Education: Teaching and Learning 2367
- Engineering 2367•
- English 2367.01•, 2367.02•, 2367.03, 2367.04, 2367.05•
- Environment and Natural Resources 2367
- Film Studies 2367.01, 2367.02
- German 2367
- History of Art 2367
- Human Development and Family Science 2367
- Landscape Architecture 2367
- Linguistics 2367.01•, 2367.02
- Modern Greek 2367•
- Nursing 2367

- Spanish 2367
- Theatre 2367.01•, 2367.02•, 2367.03•
- Women’s, Gender and Sexuality Studies 2367.01•, 2367.02•, 2367.03•, 2367.04•
- Yiddish 2367

Quantitative and Logical Skills, 5 hours

The goal of courses in this category is to develop skills in quantitative literacy and logical reasoning, including the ability to identify valid arguments, use mathematical models, and draw conclusions and critically evaluate results based on data.

Basic Computational Skills, 0 hours

Attain Math Placement Level R or higher, or complete Mathematics 1075.

Note: Mathematics 1075 is remedial and does not count toward the 121 hour minimum requirement for the Bachelor of Science.

Mathematical and Logical Analysis, 3-5 hours

Take Mathematics 1151 or equivalent. Note: if you do not place into Mathematics 1151, you must take the prerequisite course work.

Data Analysis

Course work is taken as part of the major program or prerequisite work.
Natural Science, 10 hours

The goal of courses in this category is to foster an understanding of the principles, theories, and methods of modern science; the relationship between science and technology; the implications of scientific discoveries; and the potential of science and technology to address problems of the contemporary world.

Choose three courses, with at least one course in the Biological Sciences with a

- Yiddish 2241•, 2367

**Historical Study**

- African-American and African Studies 1121•, 1122•, 2080, 2081, 2085•, 3080, 3081•, 3082•, 3083•, 3088•, 3089, 3308•, 3320•
- Classics 2301•, 3202, 3215•, 3401
- Consumer Sciences: Fashion and Retail Studies 2374
- Economics 4100, 4130•, 4140•
- Education: Physical Activity and Educational Services 2210, 2211
- Engineering 2361, 2362
- History 1101•, 1102•, 1151, 1152, 1211•, 1212•, 1618•, 1682•
- History of Art 2001•, 2002•, 3301•
- International Studies 3350•
- Jewish Studies 3460, 3465
- Philosophy 1101H, 1102H, 2660
- Women’s, Gender and Sexuality Studies 3322H•, 4401•

The Historical Study category also includes any History department offering at the 2000 level (except for 2194 and 2800) or 3000 level (except for 3193.01, 3193.02, 3194, 3797, and 3798).

**Language Proficiency, 0-12 hours**

The goal of courses in this category is to develop your skills in communication across ethnic, cultural, ideological, and national boundaries, and help you develop an appreciation of other cultures and patterns of thought.

You must complete course work through the third language course (1103 or equivalent).

**Foreign Languages offered**

- American Sign Language
- Arabic
- Bosnian/Serbian/Croatian
- Chinese
- Czech
- French
- Georgian
- German
- Greek
- Hausa
- Hebrew
- Hindi
- Hungarian
- Indonesian
- Italian
- Japanese
- Korean
- Latin
- Lithuanian
- Modern Greek
- Persian
- Polish
- Portuguese
- Quechua
- Russian
- Twi
- Urdu
- Yiddish
- Yoruba
- Zulu

Some languages are not offered every semester.

**Open Options, 6 hours (at least two courses)**

You must complete at least six hours from any of the following categories.

**Education Abroad (courses to be developed)**

The goal of courses in this category is to allow you, by living and studying outside the U.S., to acquire and develop a breadth of knowledge, skills, and perspectives across national boundaries that will help you become more globally aware.

**Cross-disciplinary Seminars (additional courses to be developed)**

The goal of courses in this category is to help you demonstrate an understanding of a topic of interest through scholarly activities that draw upon multiple disciplines and through your interactions with students from different majors.

- Agricultural, Environmental, and Development Economics 4597.01
- Animal Sciences 4597
- Anthropology 4597.01, 4597.02, 4597.03H, 4597.04, 4597.05H

The goal of courses in this category is to foster an understanding of the pluralistic nature of institutions, society, and culture across the world in order to help you become an educated, productive, and principled citizen.

You must complete at least two courses from this area. Each course can overlap with another GE category or the major. If you do not choose overlapping courses, the global studies requirement must still be met.
