Transition Policy

No student who begins the Computational Science and Engineering Minor under quarters will have progress toward completion impeded by the transition to semesters. Computational Science and Engineering Minor requirements beginning Summer 2012 will be those in force for students under semesters; but every quarter-credit-hour that would have counted toward a Computational Science and Engineering Minor under the quarter-based program will count (as 2/3 of a semester-credit-hour) toward the requirements for the semester version. If necessary, a revision of specific requirements will be worked out for any Computational Science and Engineering Minor student who is caught in the transition, in consultation with the CSE Associate Chair.
